

## **Andrew Dodd**

I am a Foundation Governor of Simon Langton, appointed in November 2021 by the Dean and Chapter of Canterbury Cathedral where I am the Residentiary Canon Treasure. Before moving to Canterbury I had previously been a governor at different schools: church, community, and academies, both secondary and primary. I remain a director of a Multi Academy Trust in Lincolnshire. Prior to ordination I worked as a Civil Engineer.

Since then my ministry has been in areas of economic and social deprivation and I continue to have a passion for the delivery of curriculum to children from disadvantaged backgrounds. I have wide experience in monitoring school standards; curriculum development and school ethos as well as skills in collective worship, religious education, and wider community / school partnerships.
