

Matthew Jones-Roberts

I joined the Governing Body as a co-opted member in March 2022.

I am the founder and director of UNight Canterbury LTD, an events company based in Canterbury delivering evening and night-time events in the city.

I spent 9 years as a youth worker in various roles around Kent between 2003 and 2012 before moving across to the world of entertainment, hospitality and business.

I am passionate about providing young people with the chance to achieve their full potential. I believe The Langton provides the opportunity for young people to fulfil this and I will endeavour to maintain and grow its ability to do this.

I live with my wife and children on the outskirts of Canterbury. I have 2 children aged 10 and 2 and another child due in August 2022.

I am passionate about sport and play football regularly.
