

## GUIDE to MEASURING & CORRELATION CHART

We strongly recommend that you use the sizing set at the school, as this is the most accurate way to establish the sizes needed. The right fit helps your child to feel comfortable and look smart.

If you cannot use the sizing set at the school, we recommend that you take accurate measurements of your child using the illustrations below, and place your order based on your measurements.

All of our blazers/jackets have a 4" allowance to allow for under garments, so you do not need to go up a size. They also come with an adjustable Smartsleeve that adds 1.5" to the sleeve length. This is the link that shows a short video on how to adjust the sleeves on your blazer

The waist is the natural waist, not the hip.

### TIPS FOR MEASURING YOUR CHILD

- Chest - measure the full chest, loosely.
- Waist - measure with 2 fingers inside the tape measure. Skirts and trousers may have an elasticated adjuster in the waistband allowing it to be taken in. See description on correlation chart.

## HOW TO USE THE CORRELATION CHART

Please use the measured chest/waist size on the top of the table and follow the column down for other products that should fit based on this measurement.

## DETAILED SIZING INFORMATION

Please use this section only if you want to check the key garment measurements. Please remember our blazers come with a Smartsleeve® that can be adjusted down by 1.5 inches and can be seen on our website <https://www.schoolcolours.co.uk/smartsleeve>. Blazer sleeves can be easily shortened by sewing in a tack on each side after folding up to the right length.

The basic blazer specifications are below; please remember garments need ease in the chest so a size will always measure between 3 and 5 inches more than the wearers chest measurement:

<b>Chest measurement from step 1 inches</b>	<b>UNIT</b>	<b>26</b>	<b>28</b>	<b>30</b>	<b>32</b>	<b>34</b>	<b>36</b>	<b>38</b>	<b>40</b>	<b>42</b>	<b>44</b>	<b>46 to 50</b>
